

# CLOUD OR VIRTUALIZATION

## WHY SHOULD YOU HAVE TO CHOOSE?

SHOULDN'T YOU HAVE ALL THE BENEFITS OF BOTH?

**VIRTUALIZATION OFFERS:**

- + Increased utilization
- + Improved scalability

**CLOUD OFFERS:**

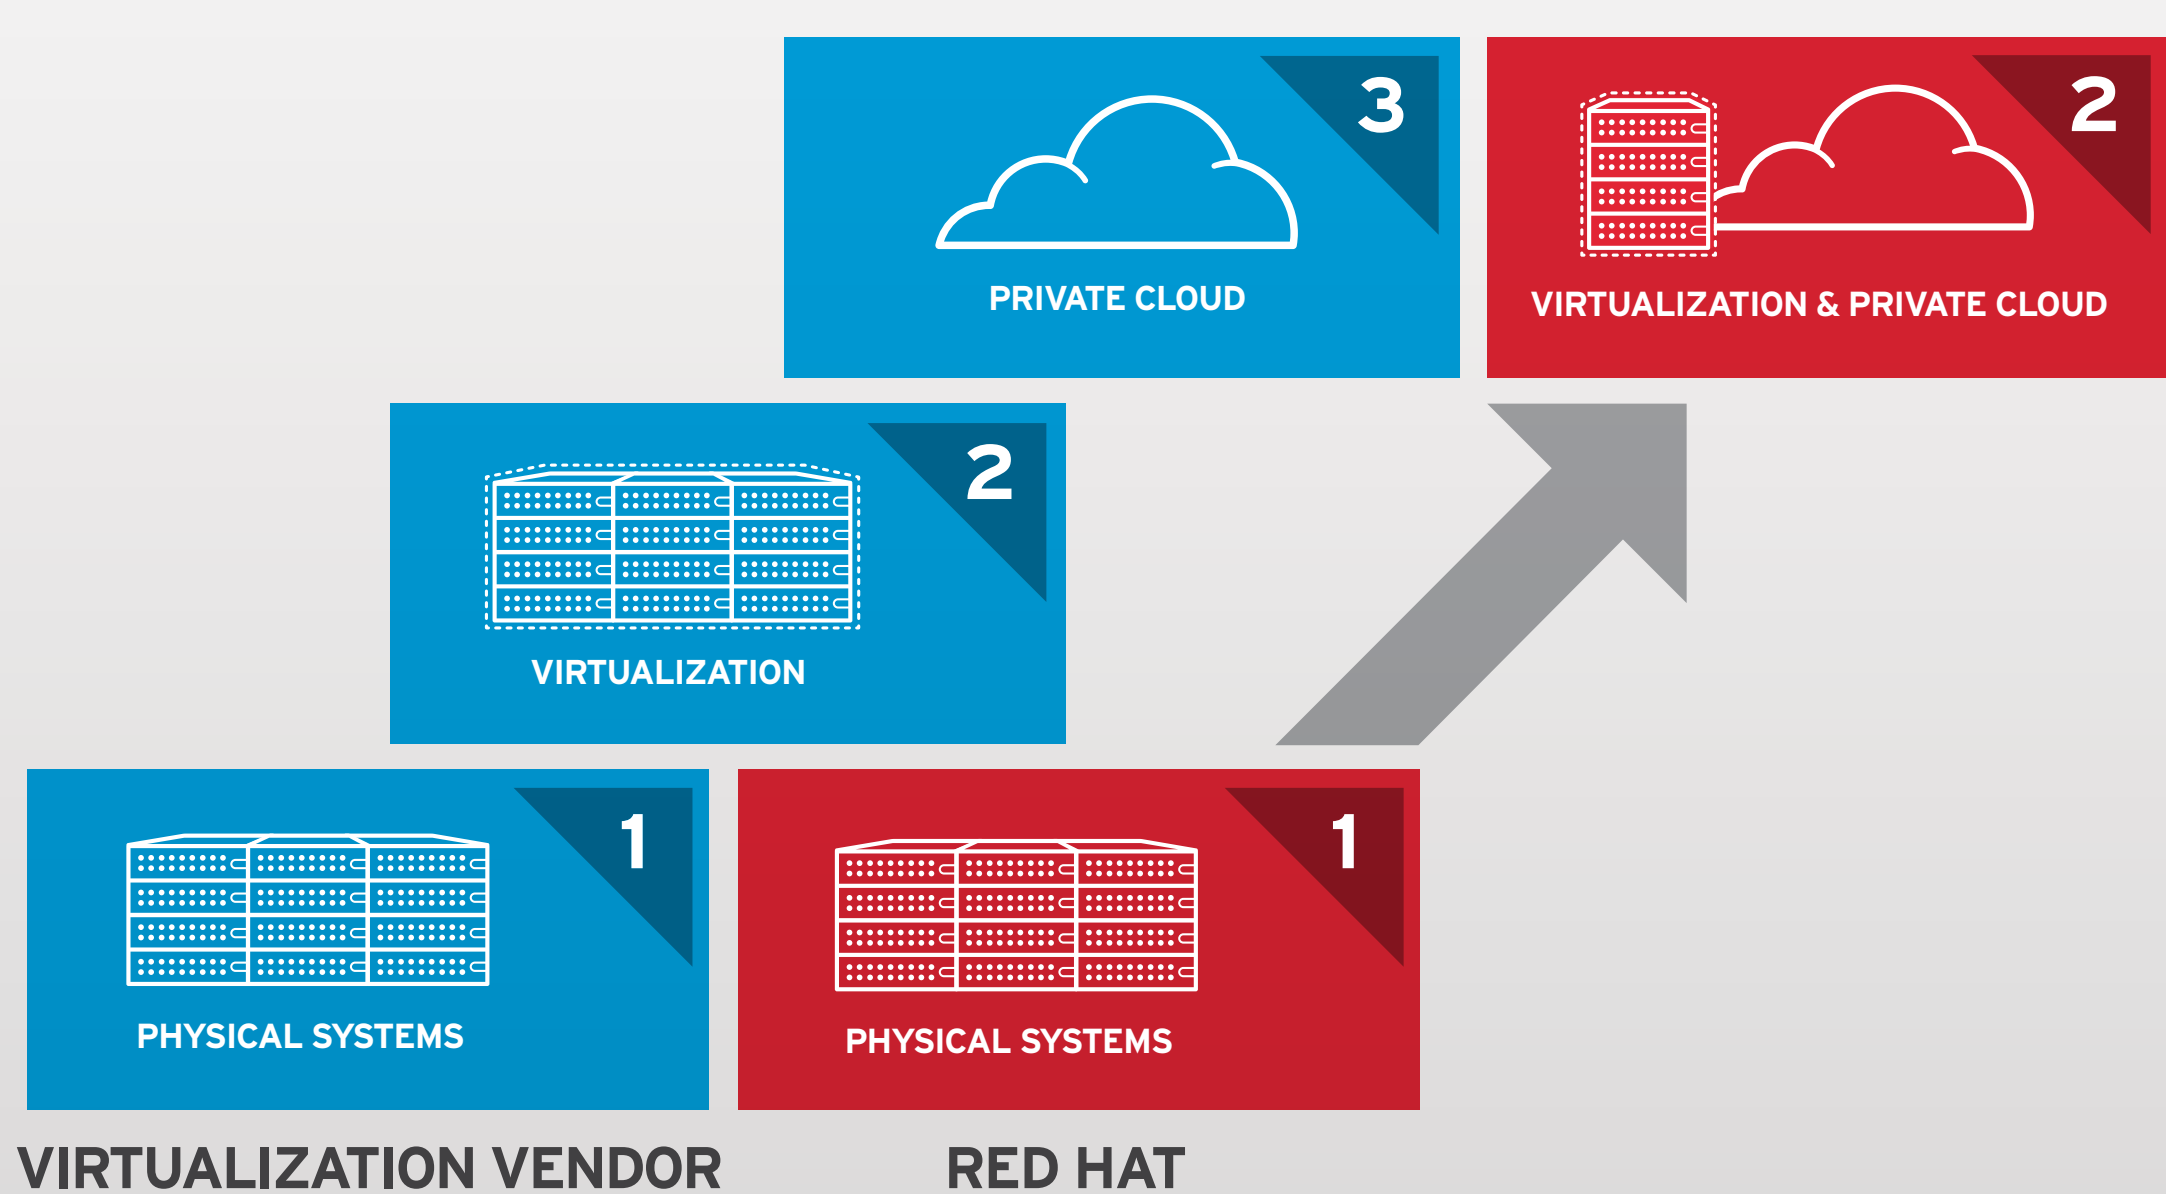

- + Increased efficiencies
- + Increased agility
- + Faster time to market
- + Improved performance
- + Faster response times via self-service

\*Gartner Data Center Conference Poll (December 2011): Will your enterprise be pursuing a private cloud computing strategy by 2014? (n=150)

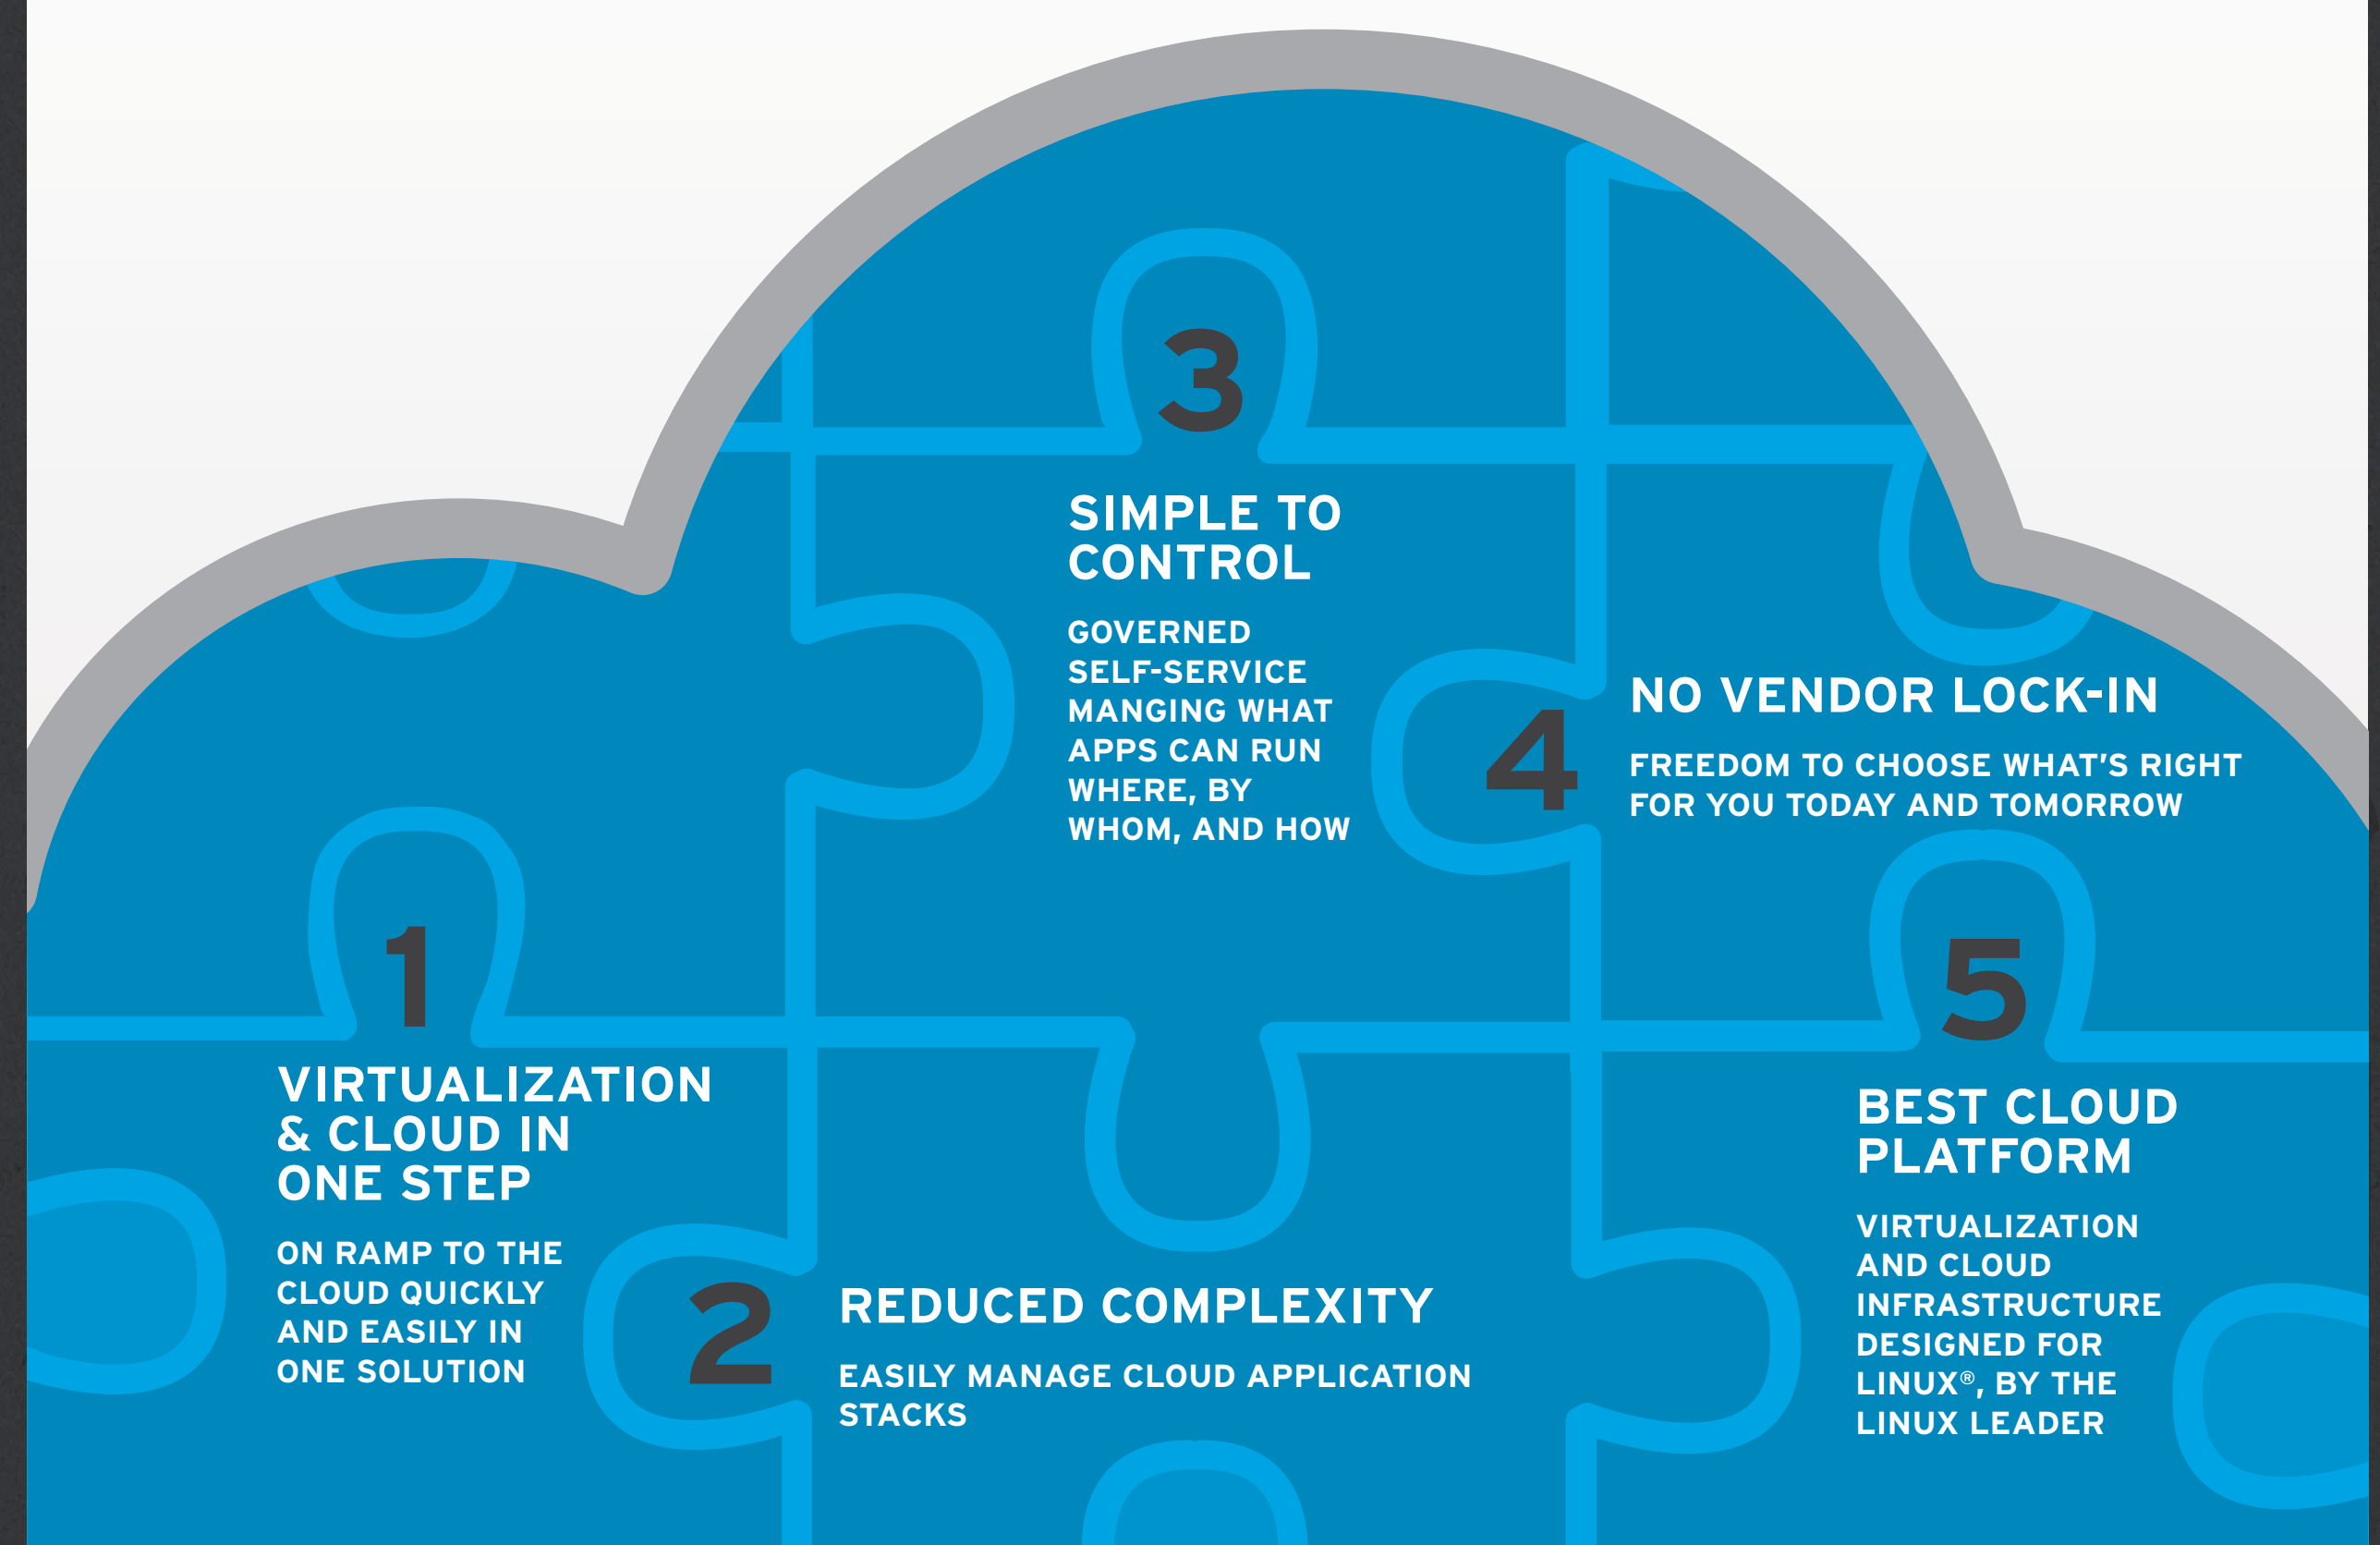

# HOW TO GET TO CLOUD

MOVE FROM WHERE YOU ARE TO WHERE YOU WANT TO BE

VIRTUALIZE AND MOVE TO CLOUD IN ONE STEP.

# RED HAT CLOUD WITH VIRTUALIZATION BUNDLE YIELDS REAL BENEFITS
