

MAKE A FLOWER

What you need:

4
sheets of
tissue paper,
any colors

1
pipe cleaner

- 1

Stack the tissue.

Start folding like an accordion. Make folds about 1 inch apart.

Fold to the front...

Fold to the back...

Keep folding until you run out of tissue.
- 2

Find the center.

Place the pipe cleaner on top of the folded tissue.

Bend the pipe cleaner behind the tissue.

Twist the pipe cleaner together.
- 3

Lift the top layers of tissue up. Be gentle!

Lift all the layers, one at a time.

Nice job! Now you can add your flower to our greenhouse.
