First Step to Creating Engaging and Effective Teams

Beyond the Coding

Matt Takane
Agile Coach
Red Hat Open Innovation Labs
5/10/2018

Tom Heisey
Engagement Lead
Red Hat Open Innovation Labs
HOW CAN I MAKE THIS HAPPEN FASTER!?
Make Teams of 5-6
TIP #1: Be Aligned and share your own feelings on Priority
Priority Sliders

8 week Residency Priorities

- Functional Completeness
- Skills Acquisition
- User Experience
- Reuse
- Stability / Operational Readiness
- Product/Market Fit
- Test Completeness
- Security

Priority Sliders:

- 1: Security
- 2: Test Completeness
- 3: Stability / Operational Readiness
- 4: Product/Market Fit
- 5: Reuse
- 6: User Experience
- 7: Skills Acquisition
- 8: Functional Completeness
Priority Sliders Exercise

- Take the examples or add your own (max of 8 metrics)
- First Individually Rate
- Then put them on the board and discuss as a team to create a shared understanding
<table>
<thead>
<tr>
<th>Kitchen</th>
<th>Bathroom</th>
</tr>
</thead>
<tbody>
<tr>
<td>Roof</td>
<td>Bedroom</td>
</tr>
<tr>
<td>Windows</td>
<td>Patio/Pool</td>
</tr>
<tr>
<td>Furniture</td>
<td>Fence</td>
</tr>
</tbody>
</table>
TIP #2: Practice Empathy for one another
Agile Animals Exercise

- In your team of 6
- On your Post-it do the following:
  - Draw the animal that represents you right now
- Share this with your team and explain why
TIP #3: Have the team get to know one another beyond the workplace skillset
Super Heroes Unite!

- Find a team of 6
- On your Post-it do the following:
  - Write your Super Hero Power
  - Draw your Super Hero Sign
- Share this with your team and explain why
One-on-One sessions with Red Hat consultants will provide an open communication forum with one of our subject matter experts to better assist you with understanding how Red Hat products and solutions can help solve your business problems.

Please visit red.ht/labssignup to request time with your speakers either on-site at Summit or in the near future!
