Tri-County Early College High School

- Public school of choice on a community college campus in Murphy, NC.

- Students can earn an Associate’s Degree by the time they graduate from high school.

- Target population: first-generation college-goers, those at-risk of dropping out, or other historically underserved populations.
Open Principles

- Community
- Transparency
- Adaptability
- Collaboration
- Inclusivity
“Educational organizations that survive will be those most focused on . . . how they can best harness the power of openness to change the ways they create, interact, and sustain themselves.”

Jim Whitehurst, “Open Education Is More Than Open Content”
**Mission:** Harness the power of open source principles and methodologies to design, share, and scale contexts for empowered 21st century learning.

**Vision:** Transform education for a more equitable, empathetic, and collaborative world.
designed with open source principles and methodologies

- iterative design + adaptability
- transparency + meritocracy
- inclusion + diversity
- collaboration + community
- access to information + open knowledge
