

Major financial entity turns legacy applications into microservices

Financial services

Software and services

Red Hat® OpenShift®

Red Hat Training

Large, North American financial institution provides expert advisory services and tailored solutions to public and private clients to unlock capital access, operation expansion, and investment flows.

Challenge

- ▶ Transform legacy applications into microservices
- ▶ Provide access to both public and private clouds in an agile delivery framework

Solution

- ▶ Red Hat Learning Subscription and on-site training
- ▶ Red Hat OpenShift courses (DO180, DO280)
- ▶ Linux® V8 courses (RH124, RH134)

Benefits

- ▶ Developed the capabilities needed to lead the Red Hat OpenShift container strategy
- ▶ Confirmed Red Hat Learning Subscription technology training is on par with the best available today
- ▶ Established microservice capacity

“Red Hat training has afforded me a deeper understanding of these exciting new technologies and how they can help transform our legacy applications to run as ultra-modern microservices in both private and public cloud.”
